## RELAY INSTRUCTIONS

### **RELAY EXCHANGE**

Please read carefully, NEW timing instructions for Relay Teams:

With the transition to chip on bib, the method by which the timing chip gets passed from one team member to the next is changing this year. Each team will be provided with a bib on a race belt. This bib is the only team bib tagged with a timing chip. The race belt/bib must be worn by each team member while completing their portion of the run, and must be passed on to the next runner at the relay stations. The belt must be clipped around the waist and have the bib facing forward. Holding the belt/bib in your hand, placing it in bag, or wearing it elsewhere than around your waist with bib facing forward may result in missed timing detections.

All relay runners must wait behind the barricaded waiting area till their relay member arrives for the chip exchange. Please keep off the road, until you must go out to do your exchange. **REMAIN ORDERLY AND DO NOT CROWD THE ROAD!**

### **BAGGAGE AND CLOTHES**

The Bay Race is NOT RESPONSIBLE for any items left on the buses by relay runners. All relay team members are responsible for their own property. Please make arrangements between your team members on the safe keeping and removal of items from the buses.

### **WATER, FOOD and MEDALS**

Relay members MUST get their food at the points where they finish. ONLY THE LAST MEMBER will get food at FIRST ONTARIO CENTRE and pickup the medals for the team.
