**How to Post Results for the Hammer Hybrid or Virtual Hammer.**

---

**These instructions are for posting virtual races results within the Hammer Hybrid or Virtual Hammer.**

---

We've partnered with Race Roster so that you can upload all your individual virtual results.

The ATB Virtual Race period is **March 1 - March 31, 2024**. You can complete your race any time during this race period. Results must be submitted by **March 31, 2024** to receive your race package. Packages will be sent within 4-6 weeks after the race period. If results for all your individual virtual races are not submitted for your Hammer event, a package will **not** be sent automatically.

For Hammer Hybrid participants, your in-person 30K chip time result will be imported shortly after the race. This may take a few days and we appreciate your patience while the in-person results are uploaded. Complete virtual race details at [BayRace.com](BayRace.com).

Here are detailed instructions and FAQs on how to track and submit your virtual participation using Race Roster.
